## NOTICE OF PROPOSED RULE MAKING

Adopted: July 18, 2001

Released: July 27, 2001

Comment Date: September 17, 2001

Reply Comment Date: October 2, 2001

By the Chief, Allocations Branch:

1. The Allocations Branch considers herein a petition for rule making filed on behalf of George Anderson ("petitioner"), proposing the substitution of Channel 266A for Channel 224A at Station KMFB(FM) at Mendocino, California. Petitioner operates Station KMBF on Channel 224A at 3 kilowatts effective radiated power and 100 meters antenna height above average terrain (HAAT). By making this change in frequencies, KMBF can operate as a maximum 6.0 kilowatt effective radiated power and 100 meter antenna HAAT facility at the existing KMBF transmitter site. This channel change would allow Station KMBF to provide coverage to 18,837 persons over 2,516 square kilometers. Petitioner states that, if the channel is allotted to Mendocino, petitioner will file an application for a construction permit for the new channel, and if granted, will implement the change.

2. A staff analysis has determined that Channel 266A can be allotted to Mendocino, California, consistent with the requirements of Sections 73.207(b)(1) and 73.315(a) of the Commission's Rules at Station KMBF's existing transmitter site. The coordinates for that site are: 39-20-33 NL and 123-46-51 WL. The Commission considers channels of the same class to be equivalent. Therefore, the channel change involved here does not represent an upgrade in facilities and no expressions of interest from parties other than George Anderson will be accepted.<sup>1</sup>

<sup>1</sup> See Modification of FM and TV Licenses, 98 FCC 2d 916, 921-22 (1984) and Section 1.420(g) of the Commission's Rules.

3. Since allotting Channel 266A to Mendocino, California, would provide improved aural transmission service to Mendocino and areas surrounding that city, the Commission believes that it would serve the public interest to solicit comments on the possible allotment of Channel 266A to Mendocino, California. Accordingly, we seek comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, with respect to Mendocino, as follows:

<u>Community</u>	<u>Channel No.</u>	
	<u>Present</u>	<u>Proposed</u>
Mendocino, California	224A	266A

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

5. Interested parties may file comments on or before September 17, 2001, and reply comments on or before October 2, 2001, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Federal Communications Commission, Office of the Secretary, 445 Twelfth Street, SW; Room TW-A325, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner's counsel, as follows:

George Anderson  
14200 Prairie Way  
Mendocino, California 95460

6. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), and 73.606(b) of the Commission's Rules, 46 FR 11549, February 9, 1981.

7. For further information concerning this proceeding, contact R. Barthen Gorman, Mass Media Bureau, (202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no ex parte presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An ex parte presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral

information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment, which has not been served on the petitioner, constitutes an ex parte presentation and shall not be considered in the proceeding. Any reply comment that has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an ex parte presentation and shall not be considered in the proceeding.

(b) With respect to petitions for rule making which conflict with the proposal in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the Notice of Proposed Rule Making to which this Appendix is attached.
